## **SKYWARN Spotter Training**

### **2010 and 2011**

#### **Basic Storm Spotter Training (Duration: 1– 1.5 hours)**

This type of training is open to the public and will include a brief introduction to the National Weather Service (NWS), the different types of hazardous weather and how to safely observe them, the types of severe weather to report, and how to send those reports to the NWS. No prior knowledge of weather or weather observing is necessary to take this class.
